APRIL 2010 SHOW

Can you believe it? It's that time already! We have a brand spanking new April 2010 Show. Let me tell you this show is jam packed with all new fun intermission pieces and 8 brand new songs from Chuck E. and his posse that will be enjoyable for people of all ages! The warranty for this show will expire on Friday, April 16th 2010.

Now, when I said this show is jam packed, I wasn't kidding. It's was so jam packed that we were unable to fit the live shows on the DVD's for the 3 stage and CEC stage (1 stage and 2 stage). The Birthday Show, however was able to fit on the DVD. We'll be sending out a separate live show DVD before the end of this month. So hang tight 3 stage and CEC stage locations and be on the look out. In the mean time you can hang on your January Show DVD for the use of the live shows.

Studio C locations, you have a brand new DVD#3 which now includes the current birthday show and new character diagnostic skit that now accommodates for the 16 and 32 movement robot, all you have to do make the selection from the manager control panel! Pretty sweet huh?!?! The AM/PM schedule will no longer be used. The April show floppy disk contains the Cyberstar update to remove this function but the clock will remain displayed on your manager control panel for the simple purpose now of just knowing what time it is! After the update the new Cyberstar version will be 2.02. You can simply verify that looking in the upper left part of the screen on your show computer.

We hope you enjoy the new April 2010 Show cause we sure enjoyed producing it! In the words of Jerry Springer,
"Take care of yourself and each other."
